Hello Group-IB team,

Group-IB wants a hunter in Jakarta who can talk to C-level buyers and specialists about fraud and threat defense, and I sell security infrastructure to enterprises there today. I am a Business Development Manager in Jakarta with five years of B2B sales and channel partnerships in enterprise IT and corporate healthcare.

At Sinar Mas Land (OneSmartServices) I closed IDR 10B+ in contract value across eight enterprise deals, averaging IDR 1.25B each, and finished 2025 at 115%+ of quota for smart CCTV and network infrastructure. At Siloam Hospitals Group I built an outbound pipeline in HubSpot aimed at HR and procurement, with about 20 qualified prospects and 10 discovery meetings a month, which brought in 12 new corporate accounts and IDR 750M in first-year team revenue.

My security experience is physical: smart CCTV and network infrastructure. I have not sold threat intelligence or anti-fraud software, and I would put real time into the product before the first customer meeting.

Could we set up a short call to talk about the territory and the accounts you want opened first? My CV is attached.

Best regards,
Ryan Hadi
